

Mark's Monmouth March for Hospiscare

1 July 2025

In memory of David Vaughan

“My dad passed away from prostate cancer after a lifetime of service in the navy, as a dad and a grandad. As the struggle grew in the last few days, Hospiscare were there with mum every step of the way and could not have done more. To help raise funds, I will be following in the footsteps of the Duke of Monmouth and walking 100 miles in full re-enactment kit. Weapons, woollen clothes and very uncomfortable shoes! It will be a tough week - but the cause is totally worth it!”

Hospiscare is a local charity, providing palliative and end-of-life care for patients across Exeter, Mid and East Devon.
