

1956

Snap, Rapid, Marling, Grand Aggregate, Ashburton Trophies

Chevithorne Lament and Magpies in Memoriam

In days of old when boys were bold and girls were not invented, the Magpies were shooting many a bull and outer's wind directed!!

Bike we did to Chevithorne, our rifles on our backs and once a year to Bisley bound to raise the Blundell's flag. Snap and Rapid, the Marling too all came within our sights and once or twice The Ashburton Shield came to us by right.

Not for us the other sports of cricket, golf or tennis, we choose to learn the gentle art of shooting at its zenith. And shoot we did for Blundell's, our name on Century Range cemented, but now alas it's sad to say we are now absented.
